NEW CLIMBERS TO BEYOND BOULDERING.

WAIVER.

If you're a first-time visitor to Beyond Boulderling, you must complete a waiver and Safety Induction before starting your climb. Please allow 15 minutes to complete the safety induction. For those who are under 18 years of age, a parent or legal guardian must sign the waiver.

Watch the demo video here:

Complete the online Waiver here:

SAFETY.

- Make sure your pockets are empty while climbing.
- Make sure no one is already on the wall next to the climb you want to try.
- Do not walk underneath a climber who is on the wall.
- Be careful on problems that involve jumping and know where you are going to land.
- Look for big pink holds to help you down climb or drop from a safe height.
- When you land, bend your knees to cushion your fall, and ride the fall onto your back.
- Stay off of the mats when you are not climbing.
- Keep brushes off of the mats.
- Be safe and have fun!

The gym will be closed to the general public from 31st May 2023 - 3rd June 2023.

Apple Store

QUALIFICATION SCORING.

Flash 10 points

2nd attempt 7 points

3rd attempt 4 points

4th+ 1 point

Points are accumulated, so be sure to climb and top as many boulders as possible.

Scoring will be self-scored via the Beyond app; please ensure you are familiar with it before your qualifying time, if you get stuck please ask a staff member.

HOW IT WORKS.

1. Qualifying Rounds:

- Each qualifying round will have a duration of two hours.
- Competitors will have this time to attempt as many boulders as they can.
- Competitors will self-score via the Beyond app.

2. Boulder Start:

- Each boulder will have a designated start point.
- The start will be marked with a minimum of two fixed hand positions.
- Additionally, there may be fixed positions for one or two feet to aid the start.

3. Boulder Finish:

- The TOP (or finish) of each boulder will be clearly marked with a finish tag.
- The finish tag indicates the endpoint that competitors must reach for a successful top.

4. Attempt Counting:

- An attempt is counted when every part of the competitor's body has left the matting from the designated start holds.
- This means that once a competitor leaves the starting position and starts climbing, an attempt is initiated.

5. Successful Top:

- A successful top is achieved when a competitor reaches the finish hold.
- To be considered a successful top, the competitor must hold and control the finishing hold with two hands for a duration of three seconds.

6. Successful Flash:

- A successful flash occurs when a competitor completes a boulder on their first attempt.
- To achieve a successful flash, the competitor must meet all the conditions of the boulder on their initial try.

FINALS.

FINALS CLIMBING.

The top 6 scoring climbers in Open A & B categories, are invited to compete in a World Cup-style finals.

Cash Prizes are available for Open A athletes.

Viewing period

There will be a 2-minute viewing period per climb, where each athlete can ask technical questions. Competitors can only touch the starting holds during this period.

Climbing period

There will be 4 finals boulders per category and all competitors will have 4 minutes allocated per boulder. Once the 4 minutes is up, the climber will head back to isolation. Men and Women will be climbing simultaneously.

Competitors can brush their own climbs if they wish, although there will be designated brushers at each climb.

Spectating

We encourage everyone to come and watch the finals, starting off with Open B and then soon after Open A.

There will be a live score board showing real time results.

FINALS SCORING.

Once the final round is completed the climbers will be ranked by the following:

1. The number of Successfully completed boulders (Tops)
2. The number of boulders on which the competitor has either:
 - A) Controlled (with any hand) the Zone Hold; or
 - B) successfully completed the boulder without having Controlled the Zone Hold, this number being the "Zone Points" awarded.
3. The total number of attempts to achieve these Tops
4. The total number of attempts to achieve these Zone Points

TECHNICAL INCIDENTS.

In the event of technical incidents ie. hold spins during an attempt, competitors are to inform the judge. Once the repairs are completed, the climber is permitted to resume their remaining time.
